WHAT ?

In most business sectors: Hotel and Tourism industry, sales, administration, marketing and communication. But also, when possible, in more specific fields (Accounting, Human resources).

WHY ?

Practise French while enriching your work experience

As a supplement to French courses, l'Institut Européen de Français proposes internships varying from a few weeks to several months in a company or in an association.

The company internship is, at the same time, a good way to acquire new skills for your future career and an unprecedented opportunity to test your capacity to achieve certain tasks and to revalue your CV.

Besides the work experience, the internship is also an excellent means to improve your language skills and also to get acquainted with French culture.

The company internship concentrates on the application of your previous knowledge acquired during your school years but also allows you to acquire new skills and new work experience, (and from this perspective it is generally unpaid)

Registration minimum 8 weeks before the beginning of the internship, after acceptance of your application
